

CHINACOM 2008 CALL FOR PAPERS

August 25-27, 2008, Hangzhou, China

<http://www.chinacom.org>

General Co-Chairs

Jian Chu, Zhejiang University, China
 Andreas F. Molisch, MERL, USA, and Lund University, Sweden

General Vice Co-Chairs

Jun Zheng, University of Ottawa, Canada
 Xianmin Zhang, Zhejiang University, China

Steering Committee

Imrich Chlamtac (Chair), Create-Net, Italy
 Yabin Ye, Create-Net, Italy
 Zheng Zhou, BUPT, China
 Bo Li, HKUST, China
 Andreas F. Molisch, MERL, USA, and Lund University, Sweden

TPC Co-Chairs

Nirwan Ansari, NJIT., USA
 Maurice Gagnaire, ENST, France
 Zhaoyang Zhang, Zhejiang University, China

Workshop Co-Chairs

Chi Zhou, Illinois Institute of Technology, USA
 Subir Biswas, Michigan State University, USA

Panel Co-Chairs

Jian Ma, Nokia Research Center, Beijing, China

Publication Chairs

Peng He, University of Ottawa, Canada

Publicity Co-Chairs

Yuanzhu Chen, MUN, Canada
 Marek Hajduczenia, Nokia Siemens Networks S. A., Portugal

Internal Arrangement Chair

Zsuzsi Kaszab, ICST, Europe

Local Arrangement Co-Chairs

Zhifeng Zhao, Zhejiang University, China
 Shengtian Yang, Zhejiang University, China
 Jing Li, Zhejiang University, China

Web Chair

Guanding Yu, Zhejiang University, China

Important Dates

Submission deadline: January 20, 2008
 Notification date: April 30, 2008
 Camera-ready due: May 31, 2008
 Conference dates: August 25-27, 2008

Overview: The aim of CHINACOM is to bring together Chinese and International players in networking and communications under one roof to build a showcase in communications and networking research in China. Following the big success of CHINACOM'06 and CHINACOM'07, CHINACOM'08 will be held in Hangzhou, China, one of the most beautiful cities in the world, on Aug. 25-27 2008, right after the Beijing Olympic Games. The conference will be technically sponsored by Zhejiang University.

Technical Symposia: Perspective authors are invited to submit original technical papers for publication in the conference proceedings and for presentation at the following symposia:

1. **Frontiers on Communications and Networking Symposium**
 Co-Chairs: Hongya Ge, New Jersey Institute of Technology, USA
 Neelesh B. Mehta, India Institute of Science, India
 Zhifeng Tao, Mitsubishi Electric Research Laboratories (MERL), USA
2. **Optical Communications and Networking Symposium**
 Co-Chairs: Luying Zhou, Institute of Infocomm Research, Singapore
 Jianjun He, Zhejiang University, China
 Abdallah Shami, University of Western Ontario, Canada
3. **Wireless Communications and Networking Symposium**
 Co-Chairs: Hsiao-Hwa Chen, Sun Yat-Sen University, Taiwan, China
 Nei Kato, Tohoku University, Japan
 Shiwen Mao, Auburn University, USA
 Claude Oestges, Université catholique de Louvain, Belgium
4. **Multimedia Communications Symposium**
 Co-Chairs: Rajarathnam Chandramouli, Stevens Institute of Technology, USA
 Linda Jiang Xie, The University of North Carolina at Charlotte, USA
 Lu Yu, Zhejiang University, China
5. **Advances in Internet Symposium**
 Co-Chairs: Mohammed Atiquzzaman, University of Oklahoma, USA
 Chonggang Wang, University of Arkansas, USA
 Baoxian Zhang, Graduate University of Chinese Academy of Sciences, China
6. **Signal Processing for Communications Symposium**
 Co-Chairs: Yan Zhang, Simula Research Laboratory, Norway
 Chong-Yung Chi, Tsing Hua University, Taiwan, China
 Aiping Huang, Zhejiang University, China
 Sarah Kate Wilson, Santa Clara University, USA
7. **Information and Coding Theory Symposium**
 Co-Chairs: Yongyi Mao, University of Ottawa, Canada
 Jun Chen, McMaster University, Canada
 Peiliang Qiu, Zhejiang University, China
8. **Network and Information Security Symposium**
 Co-Chairs: Fei Hu, Rochester Institute of Technology, USA
 Cheng Li, Memorial University of Newfoundland, Canada
 Wade Trappe, Rutgers University, USA

Panels/Workshops: Proposals for panels/workshops are solicited. Potential chairs are requested to submit a proposal to one of the panel/workshop Chairs by *March 1, 2008*.

Publication: All accepted and presented papers will be included in the CHINACOM 2008 Conference Proceedings, made available in *IEEEExplore* Digital Library, and then indexed by *Engineering Information (EI)*. Selected outstanding papers will be considered for international journal special issues.
